

McLOUIS

McLouis, just starring

Since 1999 McLouis has been the reference point in the plain air sector for quality, pleasant, modern and attractively designed vehicles.

Anticipating trends, dictating fashion: this is one of the main goals of McLouis.

Specialist in the production of vans

Trend of the moment in the panorama of recreational vehicles, the VAN is undoubtedly a highly specific product. For its production, you need a company with a high specialisation in the segment, which takes care of every phase, from design to construction.

McLouis vans are produced in Paglieta plant, in Abruzzo, an industrial district of over 28,000 m² that produces equipped vans for the Trigano group for the whole of Europe.

Close to you, everywhere

The McLouis sales network today consists of over 200 qualified distribution partners, spread throughout Europe. Through pre- and aftersales services, local staff and on-site distribution agencies, McLouis is able to satisfy even the most demanding customers.

Some of the features shown do not correspond to the final features of the vehicle for the current season.

THE PROMISES FROM **McLOUIS**

- ★ A **wide-ranging and dynamic offer** whose innovation and research activities respond promptly to the evolution of travelling tourism and the needs of every van enthusiast
- ★ Volumes, furnishing and accessories are rationally designed to travel and live aboard your McLouis with **maximum comfort**
- ★ McLouis interprets and enhances **Italian taste** through the design of environments, materials and shapes, taking care of every little detail. The McLouis **style** is unmistakable
- ★ **Always fashionable:** McLouis environments - modern and elegant - keep up with the interior design new trends
- ★ The **reliability** of a well built vehicle with a **10-year guarantee against infiltration**, high-performance materials and state-of-the-art manufacturing processes

The promise of reliability **10-year guarantee against infiltration ***

McLouis branded quality lasts over time.

* Carry out regular maintenance at the authorised McLouis network and the tests provided for the control of infiltration during the service coupons as per the specific deadline specified in the warranty booklet. For further information on conditions and terms, please contact the authorised sales network.

MENFY'S AND YOU'RE READY TO GO!

The Menfys range is ideal for those approaching the world of vans for the first time. An essential line that offers functional and versatile solutions, with the guarantee of a very experienced, specialized manufacturer.

The modern interior design, with the pleasant colour contrast between grey and white, combined with practicality of use creates a spacious and welcoming environment where you can move freely and relax.

The Menfys range is available in four layouts, Menfys 1, Menfys 3, Menfys 3 Maxi and Menfys 4 Maxi, on Fiat mechanics.

The promise of the **Menfys**RANGE

STYLE

Contrasting colours

The interiors of the Menfys range are characterized by the “automotive” style and the contrast of colours between grey and white.

Fabric and imitation leather upholstery recalls the tones of the furnishings; LED lighting contributes to a modern and welcoming design environment.

The dark grey, square-shaped wall units are pleasantly matched to the polished surfaces of the table and tops.

COMFORT

Freedom of movement on board

The environment is designed to move around easily and make optimal use of space.

In the living area, the table is equipped with a standard pull-out extension for an additional work surface, only when needed. Its ergonomic shape is designed to facilitate exit and access to the driver's seat. Very versatile and functional, it can also be used outdoors to offer you the pleasure of an open air lunch in the mildest season.

The Menfys' beds will give you a comfortable and regenerating rest, ideal after an intense day's travel, thanks to the comfortable ergonomic anti-mite mattresses and wooden slatted bases.

DYNAMICS

For all needs

The Menfys range is designed to suit the tastes of every van enthusiast.

Among the layouts, the ultra-compact Menfys 1, which is as long as a minivan, allows you to move nimbly even in the narrowest of streets.

In just 5.99 metres, the Menfys 3 Maxi offers you the comfort of 4 ready-to-sleep-in beds at all times, in addition to the extra bed in the dinette, while the Menfys 3, with the same length, offers the rear double bed.

The Menfys 4, the longest in the range, is dedicated to those who need extra stowage space: the lifting bed bases, three separately removable wardrobes and the removable rear platform make it a champion of versatility and modularity.

Menfys 3

LIVING AREA

Space and comfort

Menfys 3 Maxi

LIVING AREA

- Automotive-style interior, contrasting colours in shades of grey and white
- Dinette with swivel seats that integrate into the living area
- Table with extension as standard. Ergonomically shaped table for easy access and exit for the driver. Removable, it can also be used outdoors.
- Ergonomically shaped table for easy access and exit for the driver. Removable, can also be used outdoors
- Fabric and imitation leather upholstery
- Linear wall unit
- Storage compartment above the cab
- Storage door on the side of the dinette

KITCHEN

For a snack or Sunday lunch!

The Menfys linear kitchen unit is equipped with a two burner hob and sink, to easily prepare a quick snack or a delicious lunch.

The 70 l compressor refrigerator, located under the kitchen, on the entry side, has a double hinge: it can be opened both from the inside and the outside of the vehicle, so that you can enjoy your holiday en plein air.

Everything in its place with drawers and wall unit to store dishes, tableware and all your shopping for an organised, practical and functional kitchen.

Menfys 3

Menfys 3 Maxi

KITCHEN

- Linear kitchen like at home
- Two-burner hob with glass cover
- Integrated steel sink
- Domestic type mixer
- 70 litre compressor refrigerator with double opening, can also be opened from the outside
- Large drawers under the sink and full extension baskets

Menfys 3

Menfys 3 Maxi

SLEEPING AREA

Sweet dreams

The Menfys' rear beds will give you a comfortable and regenerating rest, ideal after an intense day's travel, thanks to the comfortable ergonomic anti-mite mattresses and wooden slatted bases.

The room is bright: in addition to the rear windows, the light is provided by the rear portlight.

To store clothes and accessories, you can count on the two large wall units arranged along the side walls.

Menfys 3 Maxi

SLEEPING AREA

- Large beds for comfortable rest
- Ergonomic mite-resistant mattresses
- Slatted bases
- Lifiable or removable bases to manage stowage space as needed
- Capacious stowage wall units and cabinets to store clothes and accessories
- Dinette bed

- Rear portlight 40x40 cm
- 10-year guarantee against infiltration

* 140 HP standard on Menfys 4, 120 HP on Menfys 1, 3 and 3 Maxi

MENFYS S-LINE

THE COMFORT YOU WANT FOR YOUR DREAM HOLIDAY

Spacious automotive-style interiors, ergonomic furniture to move around the van with ease, durable quality materials that are easy to clean: these are the features that make Menfys S-line the ideal travel companion to enjoy a holiday in comfort, whatever the destination.

The Menfys S-line range includes five layouts, with lengths ranging from 5.41 to 6.36 metres, all of them on Fiat mechanics.

Some of the features shown do not correspond to the final features of the vehicle for the current season.

The promise of the **Menfys** RANGE S-line

STYLE

Automotive design

The interior design, in automotive style, is characterised by the contrasting colours of grey and white on the furniture, walls and floor. In the Menfys S-line, light tones prevail, which can be found in the high-gloss laminate of the wall units and in the wall behind the dinette - for a brighter, more welcoming interior.

The Sport upholstery in fabric and imitation leather echoes the style and colours of the interiors and features a high seat with integrated headrest.

The LED interior lighting is available as linear light underneath the wall units and touch on the roof, for a pleasant, functional and welcoming interior.

COMFORT

A space for living

In the Menfys S-line range the cab outline creates an "open" environment and gives the living area more space to move freely in the dinette area.

The dinette is designed to give you moments of rest and relaxation: the exceptionally comfortable ergonomic seats are ideal for enjoying a tasty dinner.

The ergonomically shaped folding top table can be adjusted to suit your needs. It can be removed and can also be used outdoors: perfect for an open air snack on a beautiful spring day.

DYNAMICS

To each their own van

The Menfys S-line range has five different layouts that combine style and comfort to offer everyone the ideal van for their holiday

The versatility of McLouis vans is perfectly expressed in the stowage spaces that are designed to adapt to the most diverse travel and holiday needs.

Among the vehicles in the range, the Menfys 4 Maxi, with its 6.36 metres in length, offers a garage with a modular volume and an electronically operated rear bed: you have the space you need to keep your sports equipment safe and secure overnight!

LIVING AREA

Open space

Menfys 3 S-line

LIVING AREA

- Automotive-style interior, contrasting colours in shades of grey and white
- Seats with ergonomic backrest for greater comfort
- Open-space cab
- Dinette with swivel seats that integrate into the living area
- Floor hatch for stowage under the dinette table
- Folding top table with extension. Ergonomically shaped table for easy access and exit for the driver. Removable, can also be used outdoors
- Fabric and imitation leather upholstery
- Ergonomically designed furniture with rounded aluminium profiles that ease the passage
- Linear wall unit

Menfys 3 S-line

Menfys 3 S-line

KITCHEN

Like at home

The linear kitchen, drawing inspiration from your house's one, includes a two burner hob and sink: an extremely functional solution to prepare delicious lunches and dinners in comfort. It is equipped with an extendible worktop that can be extracted as needed, with extreme ease.

The design of the furniture is ergonomic: rounded aluminium profiles accompany the passage, without sharp edges.

Menfys 4 Maxi S-line

KITCHEN

- Linear kitchen like at home
- Two-burner hob with glass cover
- Integrated steel sink with glass cover
- Domestic type mixer
- Extendable worktop, pocket and accessory compartment (depending on model)
- Large drawers under the sink and full extension baskets
- Innovative, durable and easy to clean materials: high pressure laminate (HPL) for the base of the wall units and the outer side of the kitchen

SLEEPING AREA

Sweet awakenings

The sleeping area is designed to provide you with a comfortable rest thanks to the large beds, breathable fabric mattresses and wooden slatted bases

The interior walls are in soft-touch to protect you from outside noise while you sleep and to give you an even softer and more welcoming effect.

Menfys 3 S-line

SLEEPING AREA

- Large beds for comfortable rest
- Ergonomic mite-resistant mattresses
- Slatted bases
- Lifiable or removable bases to manage stowage space as needed
- Soft touch in the interior walls for a soft and welcoming effect. Easily washable and mould-proof
- Capacious stowage wall units and cabinets to store clothes and accessories

Menfys 4 Maxi S-line

Menfys 3 S-line

BATHROOM

**The pleasure
of taking care
of yourself**

Menfys 3 S-line

BATHROOM

- Separate rooms, toilet and shower or compact toilet with integrated shower
- The washbasin is either fixed or concealed, depending on the models
- "Separate" shower with rail and mixer or "integrated" version
- Partition through curtain with removable magnets (Menfys 3, 3 Maxi, 4, 4 Maxi S-line), you can hang it to dry and store it when you don't need it
- Lowered shower tray: the water does not flow into the WC area
- Storage compartment inside the shower (Menfys 3, 3 Maxi, 4, 4 Maxi S-line)
- With opaque window for air and light

Menfys 3 S-line

Menfys 3 S-line

The vehicles in photo may be equipped with optional specifications.

ON-BOARD TECHNOLOGY

- 4 kW diesel heater

- 10-year guarantee against infiltration

* 140 HP standard on Menfys 4 and 4 Maxi, 120 HP on Menfys 1, 3 and 3 Maxi

Some of the features shown do not correspond to the final features of the vehicle for the current season.

MENFY'S PRESTIGE

THE VAN FOR THOSE WHO DON'T SETTLE FOR IT

Menfys Prestige is dedicated to the most experienced and demanding "van enthusiasts" who are looking for a specialized, customizable and high performance vehicle.

The stylistic touch of McLouis is expressed in the modern design, automotive style, and in the refined and coordinated details, such as the acrylic stone of the kitchen top, the folding table and the washbasin in the bathroom.

Choose the van that will accompany you on your next adventure from five layouts. The Menfys Prestige models are on Fiat mechanics.

The promise of the **Menfys** RANGE Prestige

STYLE

A touch of style

The automotive style interiors of the Menfys Prestige show the characteristic contrast between grey and white, a distinctive feature of the entire McLouis van range.

The Prestige range is enriched with refined details, the McLouis style touch that makes the environment precious, coordinated and exclusive: the kitchen top and the bathroom washbasin are made of acrylic stone and the table in the living area features an acrylic stone finish. Beautiful is not enough, it is also practical: the acrylic stone is scratch and impact resistant, antibacterial and easy to clean.

COMFORT

Ergonomic design modular elegance

It's extremely easy to move around in a Menfys Prestige van: kitchen profiles, wall wardrobes and wall units are rounded to accompany the passage, without annoying sharp edges.

The cab outline creates an open space environment, larger, spacious and welcoming.

The folding top table, with acrylic stone finish, can be opened in a modular way, depending on the work surface you need. When it is folded, it takes up very little space. Sitting at the dinette, or travelling, you'll have space and comfort for your legs.

An idea for a sunny day? With a few simple moves you can disassemble the table and use it outdoors.

DYNAMICS

Multiple solutions for you

Like the Menfys S-line range, the Prestige range comprises five floor layouts, with lengths varying from 5.41 metres of the very compact Menfys 1 Prestige, to the more spacious Menfys 4 and 4 Maxi Prestige, which are 6.36 metres long.

The Menfys Prestige range offers different sleeping solutions, from 2 to 4 beds: transverse bed, double bunk beds, twin beds and rear elevating bed.

Menfys Prestige vans offer the ultimate in functionality: large, modular stowage spaces help you to manage load volumes flexibly, according to your needs

LIVING AREA

Design, aesthetics and ergonomics

LIVING AREA

- Automotive-style interior, contrasting colours in shades of grey and white
- Seats with ergonomic backrest for greater comfort
- Open-space cab
- Dinette with swivel seats that integrate into the living area
- Floor hatch for stowage under the dinette table
- Folding top table with extension and acrylic stone finish. Ergonomically shaped table for easy access and exit for the driver. Removable, can also be used outdoors
- Fabric and imitation leather upholstery
- Ergonomically designed furniture with rounded aluminium profiles that ease the passage

KITCHEN

Irresistible taste.

Cooking on a Menfys Prestige van is a real pleasure.

The kitchen is equipped with two burner hob and sink and is characterised by the exclusive acrylic stone tops: it is scratch and impact resistant, antibacterial and easy to clean. The sink is equipped with a cover that can be used as a chopping board and shelf.

Note that the back of the wall unit and the base of the kitchen unit have a protective methacrylate housing. Nice to look at and especially useful because it protects the parts most exposed to water and sun from wear, especially when the door is open.

Menfys 1 Prestige

KITCHEN

- Linear kitchen like at home
- Acrylic stone kitchen top
- Two-burner hob with glass cover
- Sink cover that can be used as a chopping board or shelf
- Domestic type mixer
- Extendable worktop, pocket and accessory compartment (depending on model)
- Large drawers under the sink and full extension baskets
- Protective methacrylate shell in the back of the wall unit and at the base of the kitchen unit
- Innovative, durable and easy to clean materials: high pressure laminate (HPL) for the base of the wall units and the outer side of the kitchen

Menfys 4 Prestige

Menfys 4 Prestige

Menfys 4 Prestige

SLEEPING AREA

Sleep well!

Menfys 4 Prestige

Large beds, breathable fabric mattresses and wooden slatted bases: this is McLouis' recipe for perfect rest.

The sleeping area is particularly cosy and comfortable thanks to the soft-touch wall covering that protects against external noise and the portlight and rear windows that provide light and air exchange.

In addition to the side wall units, the Prestige range offers an additional wall unit in the rear wall of the vehicle*: extra stowage space for laundry, clothes and accessories.

* The rear wall unit is available on Menfys 3 and 4 Prestige models

Menfys 1 Prestige

SLEEPING AREA

- Large beds for comfortable rest
- Ergonomic mite-resistant mattresses
- Slatted bases
- Liftable or removable bases to manage stowage space as needed
- Soft touch in the interior walls for a soft and welcoming effect. Easily washable and mould-proof
- Capacious stowage wall units and cabinets to store clothes and accessories

Some of the features shown do not correspond to the final features of the vehicle for the current season.

Insulation in **Menfys** vans

The insulation in Menfys vans is obtained by means of polyurethane foam which is spray-applied in the areas of the interior side walls most subject to thermal bridges. This material is resistant, functional and multipurpose: today it represents the best insulating solution in thickness, cost and performance ratio. The floor is made of a sandwich panel and the roof is insulated with polyester fibre covered by an aluminium film.

The insulation in the **Menfys S-Line** and **Menfys Prestige** vans

Materials with excellent performance, total coverage and no thermal bridges: this is the recipe for insulation in the Menfys S-line and Menfys Prestige ranges vans. The coating of roof, walls, crossbars and uprights is made entirely of polyester fibre covered by an aluminium film, made in two thicknesses (20 mm and 10 mm) to make sure it fits anywhere, even in cavities. The uniformity of the covering keeps the internal temperature constant.

INSULATION Perfect INSULATION, increased protection, zero noise

Well built, safe and reliable: the Menfys vans offer you the advantage of excellent thermal and acoustic insulation for extraordinarily comfortable holidays, in any season and for any destination. On all vehicles in the range, McLouis offers you a **10-year warranty against infiltration.**

VANS IN WINTER

Don't let the cold stop you!

The Menfys vans are the ideal solution for your winter holiday.

For Menfys S-line and Menfys Prestige vans

Same performance as a motorhome!

McLous vans, Menfys S-line and Menfys Prestige, were tested in the climatic chamber, based on the EN 1646-1 standard, according to which a vehicle brought to -15° must, once the heating systems have been activated, must reach an internal temperature of 20°C in 4 hours. The Menfys S-line and Menfys Prestige vans, even in the configuration with a panoramic roof, achieved a "grade 3" performance. The result is comparable to the performance of a medium motorhome (with length of 7.4 metres and rear central bed) which has an internal volume higher by 30% compared to the van but a very different build, bodywork and materials.

The packs for coldest climates.

For those who love the coldest destinations, McLous offers two levels of optional fitting to ensure excellent living comfort even when temperatures are extremely cold. In addition, for heating, you can choose between gas or diesel, combined or electric, 4 or 5.5/ 6 kW, depending on model.

ARCTIC PACK

- Boosted heater at 5 or 6 kW, depending on the range
- Digital multi-control panel
- **Winter Pack** (grey water tank insulated with a 15-mm layer of polyurethane, electrical probe with thermostat positioned close to drain valve, insulation of external water pipes; insulation of external heating pipes)
- Thermal cover for cab dashboard
- External thermal cover for the cab
- **Curtain kit** (pleated dinette curtain and rear door curtains)*
- Thermal insulating window covers

WINTER PACK

You will find it already included in the Arctic Pack, but you can also have it on its own.

- Grey water tank insulated with a 15 mm layer of polyurethane.
- Electrical probe with thermostat positioned close to drain valve.
- Insulation of external water pipes.
- Insulation of external heating pipes.

Some of the features shown do not correspond to the final features of the vehicle for the current season.

*Rear door curtains not available on the Menfys range

STORAGE

Smart solutions. Versatile, modular spaces, just the way you want them

On board the McLouis vans the interior space is optimised to offer maximum functionality: the stowage compartments are designed to adapt to your travel and holiday needs.

The bed bases can be elevated and/or removed - partly or completely - to handle the load volumes flexibly, according to your needs.

Menfys 4, champion of versatility

With Menfys 4 you just have to choose the most suitable configuration each time according to the space you need.

- ★ Elevating bed bases
- ★ Three wardrobes that can be removed separately
- ★ Removable, adjustable-volume double flooring
- ★ Extra load, without taking up space

Menfys 4 Maxi, the garage with adjustable volume for an extra load

With the rear bed that moves electronically supported by straps and stops where you want it to, the Menfys 4 Maxi offers you a rear stowage compartment with variable volume, between 1,500 and 2,400 litres. That way, even at night, your bicycles and your sports equipment will stay safe!

Menfys 4 Maxi offers as standard a complete set of equipment to exploit the full potential of the garage: loading surface in non-slip aluminium sheet metal and loading ramp, floor eyebolts, electrical socket and water socket with pullout nozzle.

The brilliant solution for two people

The raising retractable roof with integrated bed gives you the comfort of two beds and the possibility to organize the living spaces of your van in a functional way, separating the sleeping area from the living area. This way you can use the back of the vehicle as stowage only.

Compatible with the panoramic roof

For a bright and pleasant living area, the raising retractable roof is also available for vans equipped with a panoramic roof in the Menfys S-line and Menfys Prestige* ranges.

A roof for every range and every length!

It can also be installed on the most compact models. The raising retractable roof is available as an optional on all models in the Menfys, Menfys S-line and Menfys Prestige range models.

MAXIMUM COMFORT FOR YOUR REST

Bed among the largest in its category, 200x130 cm. With LED spotlights and storage pocket.

PERFECT VENTILATION

Two windows that can be opened and closed from the inside with flyscreen (front and right side) Left side window in transparent plastic.

EXCELLENT THERMAL INSULATION AND AIR CIRCULATION

Layer of polyurethane foam positioned between the mattress and the sheet metal roof.

*The panoramic roof is not available as an option for the Menfys range.

Some of the features shown do not correspond to the final features of the vehicle for the current season.

PANORAMIC ROOF

Your sky view living room

The panoramic roof is the ideal solution for those who want an even brighter, comfortable and pleasant living area.

Resistant, solid, durable

It is formed by an external frame in black methacrylate and internal glazing in laminated glass with sun-proof screen printing perimeter.

The panoramic roof is available as an option on the Menfys S-line and Menfys Prestige ranges models.

Tested in climatic chamber

- 

TESTED IN CLIMATIC CHAMBER from -15°C to 40°C.
- 

HEAT RADIATION TEST on the panoramic roof surface at 65°C; 75°C; 80°C; 85°C.
- 

LOW TEMPERATURE TESTS (Freezing test -15°C) for control of possible ice formation in the perimeter of the glass and any damage or malfunction.
- 

VIBRATION TEST with simulation of 820 km in special route (cobblestones).
- 

INFILTRATION TEST carried out during low temperature and vibration tests.
- 

VISUAL CHECK to identify any damage or deformation in the panoramic roof surfaces.

Some of the features shown do not correspond to the final features of the vehicle for the current season.

TESTS AND CHECKS

Tested safety

At every stage of production, from development to the finished product, McLouis carries out tests and trials in accordance with European standards to offer high quality, safe and reliable vehicles.

The same quality standards are demanded of suppliers: for the most strategic components, a check is carried out on the incoming material and before it is used in production.

CHECKS IN PRODUCTION STAGE

Test on operation of the gas pipes.

Correct installation of the hydraulic systems.

Check on operation and correct installation of the electrical systems.

TESTS IN RESEARCH, DEVELOPMENT AND PROTOTYPING STAGE

Specific testing in climate chamber to check the resistance, duration and performance of the materials selected at extremely high/low temperatures.

Performance tests on the components used. Durability of mattresses, resistance to stress, reliability and compliance with European regulations in the design of the seatbelt unit.

Some of the features shown do not correspond to the final features of the vehicle for the current season.

TESTS ON FINISHED PRODUCT

Waterproofing tests on 100% of the vehicles produced, before delivery.

Electronic weighing of 100% of vehicles before delivery and written weight certification for end customer.

Gas system inspection by certified staff according to the German DVGW protocol.

100 statistical checks out of a percentage of the vehicles produced: aesthetic, functional, noise, assembly tests

STANDARD EQUIPMENT

MANUAL CAB CLIMATE CONTROL

Enhanced and diffused ventilation to the entire cab

ESC ELECTRONIC STABILITY CONTROL

CROSS WIND ASSIST. Through the use of brakes, intervenes to help stabilize the vehicle through strong crosswinds, helping to keep the vehicle from drifting out of its lane

TRAILER STABILITY CONTROL SYSTEM. Detects when a trailer is starting to oscillate and corrects any dangerous trailer swing, through a combination of either torque reduction and/or individual wheel braking

POST COLLISION BRAKING SYSTEM. Intervenes in the event of an accident, automatically applying brakes to prevent secondary potential collisions

ECOPACK

Consisting of:

START AND STOP SYSTEM: for reduced fuel consumption. Automatically restarts when the accelerator pedal is touched

SMART ALTERNATOR: intelligent alternator that supplies only the power needed

ELECTRONIC FUEL PUMP: for energy saving and high fuel efficiency.

ELECTRIC POWER STEERING SYSTEM

The electric power steering system replaces hydraulic system on **whole range**.

Moreover, the new electric steering system offers:

- Power supply technology adapts steering effort to vehicle speed
- Increased steering precision
- Higher driving pleasure, while reduces effort during parking maneuvers
- Improves fuel consumption and reduce CO2 emissions thanks to the
- Adaptive energy consumption
- Keep current steering ratio
- Engine bay is freed from former hydraulic power steering specific parts.

DASHBOARD

Ducato offers a dashboard:

- Heavily renovated
- Fully Re-designed
- Featuring new Tech Contents
- Comfortable & User friendly
- New White Backlighting, extended to every single command

STEERING WHEEL AND GEAR LEVERS

The steering wheel is now a revolution for motorhomes maneuverability: New car-like design - three spoke style.

The gear lever is more ergonomic and rounded, with an elegant glossy finish.

Some of the features shown do not correspond to the final features of the vehicle for the current season.

Sea S.p.A. operates with an
Integrated Environment
and Safety Management System.
Certificate number: ISO14001: 2939;
ISO9001: 11841
